THE CHARACTER STUDY

14 Days of Growing Wisdom
into Your Everyday

Every woman has the ability within her to build her life. The wise woman starts by building her character.

This is a fourteen-day devotional to help you build your character, and your life, with wisdom. Every day, we come face to face with our needs, desires, requests, dreams and open-ended questions that we don't yet have the answers to.

We have the choice every day to be strong and stick to the plan. We have the option to choose to pray against the opposition and mental defeat we battle against. We have the option to fight for our home and our people. We can choose wisdom as we do what is necessary to further the goal.

This devotional is meant for you to be honest with yourself.

What are your concerns? What do you hope for? What do you really want? What dreams do you have that need to be spoken? What questions do you have that you desire answers to?

This devotional is meant to help you point out where and how you can grow your character and grow your life with wisdom.

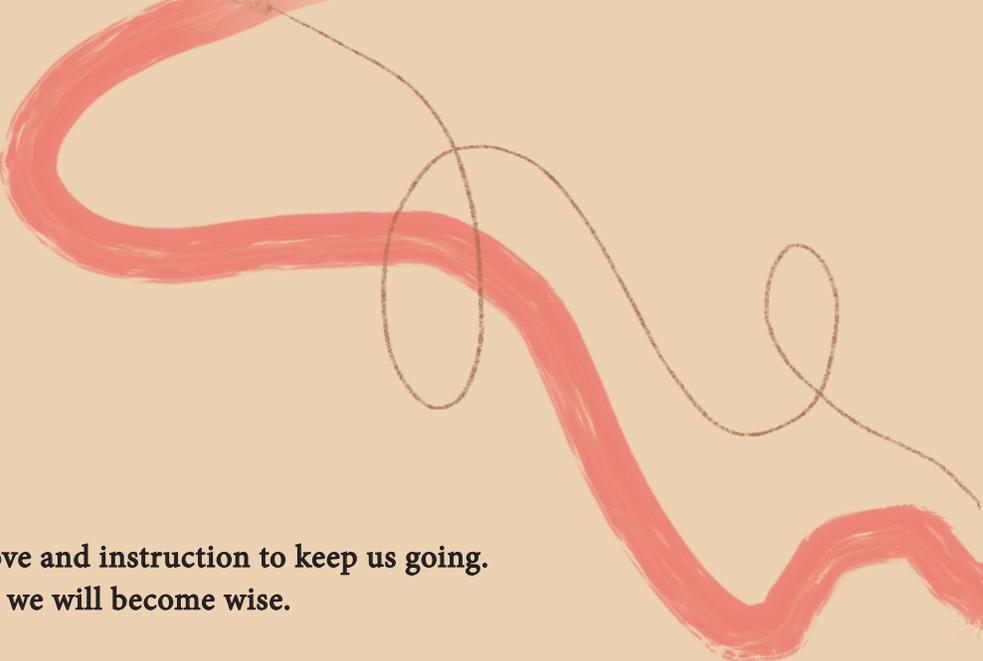

Where is there room for improvement? What changes are necessary?

You may have some bold moves ahead of you.

Is it time to take less so someone else can have more? Is it time to choose integrity and generosity over material things? Is it time to check your motivations? Are you really operating with a humble heart? Are you tending well to what you already have? Are you making space for reason before you take action?

What do you need to call out?

Are there lies you are believing? Is there some drama you need to weed out of your life? Are there some people you need to weed out of your life? Has the enemy posed any threats to you that need to be brought out into the light?

The wisdom of God offers us both love and instruction to keep us going. With understanding and knowledge, we will become wise.

With wisdom, we will find ourselves reflecting order and kindness, by celebrating, giving to others, operating out of a place of strength and living in community.

With wisdom, we will find ourselves open to confession, conviction, counsel and change.

With wisdom, we will find ourselves praising a powerful, faithful and just God who provides for us, protects us, teaches us and leads us.

With wisdom, we will find ourselves on the receiving side of compassion, patience and blessing. We may even find ourselves in the middle of miracles we did not expect.

We need only be honest with ourselves and God as we venture into growing wisdom into our everyday. Through this fourteen-day journey, I implore you to decide how you will live and memorialize it in the pages of this devotional. I truly believe that if you embrace wisdom, you will be empowered and blessed with the legacy of a wise life.

Day 1 - Be Humble.

Acknowledge God.
He reveals to the humble.
Show your humble heart with your words.
Discover strength in humility.
Don't gloat.
Choose mercy and grace.
Be others-focused.

*With humility comes wisdom.
Proverbs 11:2*

Looking Within:

Do you keep an open ear towards God as you live out your daily life? Do you believe that God's plans for you are better than the plans you have for yourself? Think of a time God's plan didn't line up with your hopes or expectations. How can a humble heart help bring you through a difficult season?

When it comes to others, do you regularly check your motivations? Are you truly connecting with others from a pure heart that is others-focused? Do you share both your successes and mistakes with others? Are you graceful with your words and countenance towards others?

Steps I will take today:

List two ways you can grow a humble heart towards God and others today. Whatever you choose, let it become a daily practice.

Towards God:

1.

2.

Towards Others:

1.

2.
